

Whether you winter in warmer climates, or are living someplace temporarily; we need to keep your address updated. The post office will not forward your statements or tax information. We are billed for all returned mail. Accounts with addresses left unchanged will be charged a monthly fee of \$2.00.

Please enter the name or names on the accounts, and write down all of your account numbers for which you are the primary owner; Joint owners cannot change an address. List the day you are leaving Michigan (or going to new location) and the estimated date of return. We use the last 4 of your social and birthdate to match the form to the account.

Please list all information for your away address- don't forget to add your lot number, condo number, apartment number, any street direction etc. Make sure to add your away phone number and email if you have it so we can reach you if needed. Don't forget to sign your name at the bottom so we can match signatures. You can return this form to us by fax, mail or drop it off at the credit union.
